# E-LEARNING ETIQUETTE

Find a quiet place to work without distractions such as TV, video games, music, siblings, etc.

Make sure there is no food or drink near your Chromebook.

Make sure other family members are not streaming TV and/or video games as this affects your bandwidth and decreases your Chromebook performance.

Please ensure that all family members are considerate of school-appropriate behaviors (language, dress, etc.) as the entire class can often see and hear everyone.
